HHI Online Supporters Meeting on Friday 10th September

To all who attempted to join us for the supporters' evening please accept our sincerest apologies but there were some unforeseen circumstances which we could not correct and so the meeting was unfortunately abandoned.

However Edmund Plummer has produced a presentation in which the current work of HHI in India and Zambia is clearly recorded so even if you were unable to join the online meeting you can still view the programme.

The presentation has nine individual units as follows:-

No. 1	Ron Prosser	Introduction	5:35
No. 2	Jute Williams	Zambia update	22:47
No. 3	Mr Gondwe	Thank You	2:22
No. 4	Tom Sutherland	Life now	5:31
No. 5	Edmund Plummer	India Part 1	2:20
No. 6		Food for India	1:10
No. 7	Edmund Plummer	India Part 2	16:43
No. 8	Iain Park	Stra'ven's efforts	7:19
No. 9	Ron Prosser	Conclusion	2:52

These presentations can be found using the following link

I trust this gives an accurate account of how our donations to HHI are used to improve the lives of sick and destitute people in Zambia and India and in particular to the Banyan Tree Tuition Group described by Edmund in India Part 2.

Each these nine individual units can be viewed separately and I hope they will encourage you to continue your committed support prayerfully and financially for the work of Health Help International.
